Dear Parents,

Warm greetings to you.

We would like to draw your kind attention to the growing number of students commuting to school through private autos and pooled auto services. While we understand that these arrangements are often made for convenience and accessibility, it is important to ensure that the safety and well-being of our students remain our top priority.

In this regard, we sincerely request all parents who have arranged private or pooled transport for their children to kindly ensure the following:

- **The auto service provider and the driver is reliable and verified**
- **The vehicle is not overcrowded beyond safe capacity**
- **Basic safety measures are followed at all times**
- **The driver maintains discipline and punctuality**
- **Emergency contact details are shared with the school**

We also encourage parents, wherever possible, to consider the school transport facility, which is regularly monitored and follows established safety guidelines.

Your cooperation and support are essential in maintaining a safe and secure environment for all students.

We believe that by working together, we can ensure both convenience and safety for our children.

We sincerely request you to take this appeal into consideration and act responsibly in the best interest of your child.

Thank you for your understanding and continued support.
