

Muskan, Class VIII, CPS participated in Aryabhata Mathematics Competition (Middle Group), held on 25-01-2020 and has been awarded for achieving 1st Position (66.67% Marks) in her own school.

MUSKAN, CLASS VIII, CPS

Aryabhata (AD 476-550) was the first of the great Indian mathematician-astronomers during what is considered the golden age of Indian mathematics. The trigonometric functions sine and cosine were introduced by Aryabhata. He was the first to discover that the orbits of the planets around the sun are ellipses. He made important contributions to algebra and found a good approximation for pi. He also gave accurate calculations for the circumference of the earth, (within 0.2% of the actual value) for the length of a day (within 0.01 second of the actual value) and of a year (within 4 minutes of the correct value).

Delhi Public School, Bokaro has taken initiative to start the Aryabhata Mathematics Competition since year 1988 to pay tribute to this great mathematician.

Delhi Public School

Bokaro Steel City

Certificate of Merit

This is to certify that **MUSKAN** Class **VIII**

School **CAMBRIAN PUBLIC SCHOOL, KANKE ROAD, RANCHI**

Son / Daughter of **SHAIENDRA NATH** participated in

Aryabhata Mathematics Competition Junior / Middle / Senior Group, held

on **25-01-2020** and has been awarded for achieving **1st Position**

(66.67% Marks) amongst all schools/in his/her own school.
